ONE DOLLAR A YEAR

DEATH WIDESPREAD IN GREAT STORM'S WRATH

Over Many States Are Being Augmented the Lists of Dead and Toll of Millions Lost in Property.

ATLANTA, May 1.—Cyclones and tornadoes, the like of which have not been known for years, swept through the South Thursday night and Friday, leaving in their wake hundreds of dead and mangled bodies, and the dismantled wrecks of property worth many millions.

Tennessee was an especially heavy sufferer. Careful estimates indicate that at least fifty people were killed in that State alone, with monetary loss of \$1,000,000. At Franklin and in Hillsboro there was loss of life. The latter town is said to be practically destroyed, while at Centerville and adjoining villages the loss is reported heavy, both in lives and property.

Near Pulaski, Giles county, the death list reached twelve and many are injured.

Many Small Towns Wrecked.

In the vicinity of Chattanooga the storm was felt at its worst. Telephone and telegraph wires were blown down, and the movement of trains was greatly hampered. The hurricane followed the Cumberland Valley, wrecking small towns and destroying farm houses.

At Ebenezer eighteen houses were blown down.

At Charleston, the storm swerved up the Hiwassee river, destroying much property. At Fayetteville three are known to have perished. At Cuba many houses were blown down and at Gilestown not even a shed was left standing.

Memphis reports heavy loss from towns within a radius of 100 miles in three States.

At Horn Lake, Miss., half a dozen lives were lost and the property damage was very heavy.

The Storm in Georgia.

In Arkansas eight persons were killed near Mammoth Springs and a score of buildings wrecked. Other points in Arkansas report heavy loss.

Atlanta and most of Georgia escaped with only slight property loss during the blow.

The hurricane continued upon its course of destruction in Alabama last night. Huntsville sends word of heavy loss of property, with probably several lives sacrificed near the Tennessee line.

At Danville, in Morgan county, Alabama, the storm struck with terrific

force. At Hartsell at least one is dead and many hurt.

Soon after dark the storm winds began shooting across the rail, telegraph and telephone lines connecting Atlanta with Chattanooga and Knoxville, and wire communication, which had been kept up with great difficulty during the afternoon, ceased entirely. The Western Union and Atlanta Railroad offices here reported that south of Chattanooga, near Emerson, Ga., several big trees were blown across the railroad right of way, tearing down wires and holding up five trains.

The death totals were swelled last night by three lightning victims at Monroe, Ga. Late yesterday afternoon a rushing windstorm, accompanied by blinding lightning, broke over Monroe and one of the bolts struck the residence of M. B. Barrett, tearing down the chimney. Barrett, his wife and his 17-year-old daughter were killed, and a 10-year-old son and a younger child were seriously shocked.

The Storm in the West.

CHICAGO, May 1.—Belated reports show that the death and destruction caused by the terrific storm that swept over the Middle West Thursday night were more extensive than at first estimated by the meager telegrams carried over damaged wires. Three men were killed in Chicago by the collapse of a factory. Homeless men, women and children spent yesterday in strange houses in many suburbs, where the storm had upset unsubstantial houses.

In the path of the storm before it reached the Great Lakes region, great destruction of property is reported. At least eleven persons were killed.

At Golden, Mo., the business part of the town was destroyed and many homes were wrecked. Five persons lost their lives.

At Summersville, Mo., the wind created havoc and two persons were killed. Many were injured.

The storm was furious in Southern Illinois and at Texas City, near Carmel, four persons were killed and many seriously wounded. The town was wrecked.

Great damage to property and crops was caused in Michigan on the east shore of Lake Michigan, Benton Harbor and South Haven being in the path of the storm.

MARKET FOR SEA ISLANDS RULED FIRM

DEMAND FAIR AND PRICES ADVANCED SLIGHTLY.

The Eastern Georgia Counties Report a Considerable Reduction in the Acreage—Market Quotations.

SAVANNAH, Ga., May 1.—The market for Sea Islands has ruled firm, with a fair demand, and prices have worked a little higher. At the close there still appears some unsatisfied inquiry, and offerings are light, especially of the higher grades.

The comparative position of the market is considered good. The total unsold stock here is thought not to exceed 3,000 bales, and it is not believed that more than about 3,000 bales remain in the country; so that the entire present available supply for the remainder of the season may be put at about 6,000 bales, with about 500 bales more unsold at Charleston. Last season the sales after April 30 amounted to about 10,000 bales, and about 3,500 bales were left in the country. The supply this year is consequently hardly one-half as large as last year, despite the increased crop.

Accounts from the new crop are irregular. The Eastern Georgia counties report a considerable reduction in the acreage, and the outlook is not very promising. In the southern counties there seems to be about 10 per cent increase, and the crop is stated to be more advanced and promising than ever before at this season. In Florida conditions are mixed, and the average acreage seems to be about the same as last year.

Sales for the week were 771 bales. The following prices were based on factors' quotations and are revised weekly on Fridays:

Fancy Floridas	20	@21
Fancy Georgias	20	@21
Ex. choice Floridas	18	@19
Ex. choice Georgias	18	@19

Ex. fine Ga's. and Fla's	14	@15
Fine Ga's. and Fla's	12	@13
Common Ga's. and Fla's	10	@11

CHARLESTON, S. C., May 1.—Sea Islands: market quiet; fine, 30c; extra fine, 22c; fully fine, 23c; receipts, none; exports, 6; sales, 106; stock, 981.

WEAVER'S LAUNDRY DESTROYED BY FIRE

From Sunday's Daily Sun:

Weaver Bros.' Gainesville Steam Laundry burned to the ground at 2 o'clock this morning. The building was burning fiercely when discovered, and the firemen were powerless to prevent its destruction.

SENATE VOTED 20 TO 10 FOR DISFRANCHISEMENT

Bill Providing for Summer Training Schools Advanced to Third Reading---The House.

TALLAHASSEE, May 1.—After listening for over an hour to one of the most eloquent addresses ever delivered on the floor of the Florida Senate, that body yesterday adopted the Beard disfranchisement measure by a vote of 20 to 10.

Senator Beard handled his subject in an able manner that held the closest attention of his listeners. He attacked the validity of the Fifteenth Amendment in the strongest terms. None others spoke except to explain their votes.

The only other discussion was upon the Massey bill providing for summer training schools for teachers at the State University at Gainesville, the College for Women at Tallahassee and the State Negro Normal. Senator Dayton wanted the bill amended to include a normal at Dade City for the country teachers of South Florida, and put up a strong fight for his amendment, but finally lost after a long debate.

The vote on the Beard disfranchisement measure was as follows:

Ayes—Hudson, Adkins, Baker of Twentieth, Baker of Twenty-ninth, Beard, Broome, Cook, Cone, Davis, Dayton, Flournoy, Girardeau, Leggett, Massey, Miller, Sams, Sloan, West, Williams, Withers—20.

Nays—Buckman, Crill, Cottrell, Henderson, Hosford, Humphries, Johnson, McCreary, McLeod, McMullen—10.

One thousand copies of Mr. Beard's speech were ordered printed.

Bill's on Second Reading.

Senate Bill No. 45, Massey, requiring teachers' summer training schools and appropriating \$4,000 a year for two years. Senator Dayton offered amendment to have one school at Dade City.

Senator Miller believed State should pay the teachers money already owing them before making such appropriations.

Senator Buckman held that there should be a limit and that if the Dade City claim was granted there would be many others with claims equally strong.

The amendment was lost.

Senator Cone offered an amendment providing that the bill relate only to white teachers.

The bill went to third reading.

IN THE HOUSE.

TALLAHASSEE, May 1.—Having on Wednesday indefinitely postponed action on a bill providing for an appropriation sufficient to guarantee the expenses of teachers while attending

summer schools, the House yesterday passed a bill requiring teachers' summer training schools and making an appropriation for the maintenance thereof. An effort was also made to indefinitely postpone action on this bill Wednesday, but motion to such effect was lost by the close vote of 30 to 29. The bill then went to third reading, and was taken up in regular order on the calendar yesterday. The bill provides for an appropriation of \$4,000 per year for two years for the maintenance of these summer schools of instruction. Strong argument was made in favor of the passage of the bill. Mr. Carn of Marion, the introducer, held that the provisions of the measure tended to encourage the school teachers to greater hopes of achievement, thereby placing the school system of the State upon a higher standard of efficiency.

The merits of a bill providing that all litigation in which the State may be interested shall be under the supervision and charge of the Attorney-General, creating the office of Assistant Attorney-General, and fixing the salaries of the Attorney-General and such assistant, were made a target in an interesting argument, which was abruptly ended by the arrival of the hour of adjournment. The House seemed very evenly divided on the measure. Some took the view that the State's interests, where involved in litigation, should be protected by special counsel as at present. Others held that all legal business should be concentrated to some central point, the office of Attorney-General acting as medium. Argument on the merits of the measure will be resumed at today's session of the House.

Judge Carlisle Returns.

Judge J. A. Carlisle, who has been absent from the city for the past few weeks, returned Friday. During his vacation he visited Hot Springs, Ark., and other prominent points and is highly elated over his visit to the springs, the waters of this resort having greatly improved his physical condition. He has about been relieved of the rheumatism.

Free Demonstration of Cooking.

The Southern Cotton Oil Company will give a public cooking demonstration at the Hyde store commencing on Monday, May 3rd, and lasting for five days. They will show what can be done with the goods made by them, the famous Snow Drift Hogless Lard and Wesson's Cooking Oil. See announcement elsewhere.

Young Turks Put to Death 250 Conspirators

CONSTANTINOPLE, April 30.—The Constitutionalists have lost no time in bringing the conspirators in the recent rising to trial. The military court, sitting in the War Office yesterday, condemned 250 prisoners to death and they were executed. Nadir Pasha, the second cousin of the pasha, was hanged at dawn.

The National Assembly, which met under the presidency of Said Pasha, decided that the Sultan, Mehmed V, should take the oath of the constitution within a week. The assembly also ratified the deportation of Abdul Hamid to Saloniki.

It is not expected that the new cabinet will be completed before tomorrow. The difficulty at present consists in finding suitable men for

the ministers of Finance and Interior. Tewfik Pasha, who will be the grand vizier, has sent a communication to several provincial officials on this subject.

Abdul's Son Flees.

The government has decided to send a commission to Adana to try by courtmartial the instigators of the massacres and the commission is authorized to act with the utmost severity.

It is alleged that the chief authors of the recent mutiny were Abdul Hamid's favorite son, Prince Mehmed Burhan Eddine, Rear Admiral Said Pasha, son of Kiamil Pasha, the former Grand Vizier and Nadir Pasha, who were engaged for a long time prior to the rising in corrupting the troops. The two former have fled.

Wreckers Drew Spikes That Held Rails on Trestle

WAYCROSS, Ga., May 1.—Bob Reliford, colored, is fatally injured as a result of a successful wreck planned by unknown parties during Thursday night, ditching the first train out yesterday on the McMillan Company's road from Beach. Two trestles about three miles from Beach were the points selected by the wreckers, the spikes in the rails having been removed. An engine and one car went through the first trestle.

Of twenty-six men on the flat car in the rear of the engine but one was badly hurt. Reliford's injuries are regarded as fatal. Several were badly

bruised. The slow speed at which the train was going prevented a more serious accident.

Deputy sheriffs from Waycross went to the scene of the wreck as soon as notified, carrying bloodhounds. All the morning was spent in trying to locate the parties. The tracks showed that there were three or four persons about the two points where spikes had been removed. Their identity is unknown, but the matter will be thoroughly investigated. The McMillan road connects with the Atlanta, Birmingham and Atlantic at Beach, where their sawmill is located.

THOMAS PURCHASES CHASE PROPERTY

DEAL INCLUDED ALL OF GAINESVILLE COMPANY'S HOLDINGS.

Handsome and Expensive Home to Be Completed Together With Several Other Buildings.

From Friday's Daily Sun:

W. R. Thomas has purchased all of the city real estate formerly owned by the Gainesville Company, which, in fact, was the C. W. Chase interests and which were considered among the largest property holders of Gainesville.

The lots embrace the greater portion of the northeastern part of the city and were valued at something like \$200,000, this of course, including the fine Chase home, which has never been fully completed.

Major Thomas was seen by the reporter and verified the deal, but had very little to say in regard to what he intended doing with such a large purchase at this time. It is known, however, that he will commence at once to have the handsome residence completed and will make this his home.

Other unfinished houses, which number about twenty, will also be completed, so it is stated, at an early date as possible, and they will be used principally for rental purposes.

This is without doubt one of the largest real estate transfers ever made in city property in Gainesville, and the people generally are happy over the fact that it has passed into the hands of one who is progressive and has the push and energy to complete the buildings already begun.

IN WATER FOUR HOURS.

Thrilling Experience of Melrose People on Lake Santa Fe.

MELROSE, April 28.—Rev. S. Rahn of Jacksonville was in town for several days last week in the interest of the Georgia Synod of the Lutheran Church in regard to the board property which was donated to the Synod as a home for aged clergymen. On Rev. Rahn's report depends the future state of the home.

It will be good news to our citizens to hear that Eddy Bus, of Green Cove Springs, have the contract to paint the school building. The inside is also to be repaired.

Quite a crowd was present at the foot of quail street on Sunday morning to witness the baptizing of two new members by Rev. W. R. Moseley.

The tax books of the town of Melrose will close on May 31st. All property not paid for will be sold for taxes one month later.

"Lady," the fine setter of S. Coward, presented him with six fine puppies on Sunday. Both father and mother are of excellent stock and no doubt these will be many applicants for the puppies when old enough to sell.

Miss C. McRae and Miss S. Mullin have returned from Jacksonville, where they attended the meeting of the Grand Chapter, O. E. Star. They report a most hospitable reception and profitable experience in the working of the order.

F. M. Yearwood and a Mr. Perkins had quite an exciting and unpleasant experience on Lake Santa Fe on last Saturday afternoon. They were going across in a sailboat when a squall tipped the boat over. Both of them held on to the keel of the boat and finally, after over four hours in the water, they drifted ashore near Earleton, near dead and numb from the cold water. Mr. Perkins lost \$25 while in the lake. Two of the motor launches were out, but did not see the shipwreck.

Biliousness and Constipation.

For years I was troubled with biliousness and constipation, which made life miserable for me. My appetite failed me. I lost my usual force and vitality. Peppin preparations and cathartics only made matters worse. I do not know where I should have been today had I not tried Chamberlain's Stomach and Liver Tablets. The tablets relieve the ill-feeling at once, strengthen the digestive functions, purify the stomach, liver and blood, helping the system to do its work naturally.—Mrs. Rosa Potts, Birmingham, Ala. These tablets are for sale by all druggists.

NATURE'S WARNING

Gainesville People Must Recognize and Heed It.

Kidney ills come quietly—mysteriously. But nature always warns you. Notice the kidney secretions. If there are settlements and sediment. Passages frequent, scanty, painful. It's time then to use Doan's Kidney Pills. To ward off Bright's disease or diabetes.

Doan's have done great work in this locality.

Mrs. J. L. Warren of Starke, Fla., says: "For some time I was a victim of kidney trouble. The kidney secretions were too frequent, in passage, causing me the greatest annoyance and I suffered constantly from backaches and dull pains through the kidneys. I could not rest well and in the morning arose feeling tired and worn out. My back became very lame and I often found it difficult to get around. I at length read about Doan's Kidney Pills and procured a box. Since using them, I have been free from backaches and the soreness and lameness has disappeared. The annoyance from the kidney secretions also ceased and I am able to sleep well. Doan's Kidney Pills benefited me wonderfully and I can recommend them as the best kidney remedy I ever used."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

JUDGE MASON WILL STOP WIFE-BEATING

JOE BAKER GIVEN FOUR MONTHS FOR VICIOUS PRACTICE.

His Little Step-Daughter Interfered and the Brute Likewise Mistreated the Child.

From Friday's Daily Sun:

Joe Baker, a big burly negro who has been in the habit of beating his wife and little child on various occasions, was arraigned before Judge Mason Thursday morning upon a charge of wife-beating.

Baker, as was his custom, was beating his wife over the head with a beer bottle when his little step-daughter pleaded with him in her mother's behalf and the enraged man at once released the wife and went after the child.

A large number of witnesses, both white and colored, were present to testify in the case and the evidence submitted, together with the many bruises upon the complainants, was sufficient for the jury to bring in a verdict of guilty.

In sentencing the man, Judge Mason remarked that he would endeavor to stop this practice among the colored people and gave the man four months in the jail and a fine of \$25, in default of payment of which he will have to do time for with Rawls & Co.

Numerous complaints have been made to Judge Mason along this line, but he has refrained from taking active steps in the matter, as the negro population in general will make complaints and then try to compromise a matter after it has been put into the courts. However, all future complaints will be investigated and the proper course pursued.

Another case to be heard was that of Friday Williams, who was charged with the ill-treatment of his little six-year-old son. The evidence was insufficient and the negro was released, with a reprimand that he should not cause such complaint to again be made against him.

A Smile

Is a pretty hard thing to accomplish when you're blue, bilious and out of sorts. There is a sure cure for all kinds of stomach and liver complaints—constipation and dyspepsia. Ballard's Herbine is mild, yet absolutely effective in all cases. Price 50 cents per bottle. Sold by W. M. Johnson.

His Mean Comment.

Wife croaking—Here's the advertisement of a matrimonial agency offering to supply any man with a wife for a guinea.

Husband—Oh, of course, it costs less to get into trouble than it does to get out again.—London Scraps.

For a burn or scald apply Chamberlain's Salve. It will allay the pain almost instantly and quickly heal the injured parts. For sale by all druggists.

THE NEW SCHEDULE HAS BEEN ARRANGED

TRAIN WILL RUN FROM OCALA TO JACKSONVILLE DAILY.

Will Prove Great Convenience for the Traveling Public and Aid the Local Travel.

All arrangements have been completed for the inauguration of the new train service between Ocala and Jacksonville via Gainesville.

The news of this new service is hailed with delight by the general public and a great deal of favorable comment has been heard regarding the trains, but it is the opinion of some that the schedule is entirely too long and should be shortened up an hour or more between the two main points.

Taking, for instance, two hours from Gainesville to Ocala, or on the other hand, three hours and thirty minutes from Jacksonville to this city, is rather a tiresome ride and could be shortened and at the same time handle the local work.

With the above changes there is little doubt but that the train will be a paying proposition from the very beginning, and it is to be hoped that the railroad officials will be enabled to make these necessary changes.

Following is the schedule, the trains to be known as Nos. 9 and 10:

3:30 p. Lv. Jacksonville	Ar. 11:30 a.
4:21 p. Ar.	Baldwin Lv. 10:44 a.
5:44 p. Ar. Lake Butler	Lv. 9:22 a.
6:25 p. Ar. Burnetts Lake	Lv. 8:35 a.
7:03 p. Ar. Gainesville	Lv. 7:50 a.
7:30 p. Ar. Rochelle	Lv. 7:27 a.
7:45 p. Ar. Micanopy	Lv. 7:12 a.
8:00 p. Ar. Mcintosh	Lv. 6:58 a.
9:00 p. Ar. Ocala	Lv. 6:00 a.

Chamberlain's Liniment.

This is a new preparation and a good one. It is especially valuable as a cure for chronic and muscular rheumatism, and for the relief from pain which it affords in acute inflammatory rheumatism. Those who have used it have invariably spoken of it in the highest terms of praise. Lame back, lame shoulder and stiff neck are due to rheumatism of the muscles, usually brought on by exposure to cold or damp, and are quickly cured by applying this liniment freely and massaging the affected parts. Soreness of the muscles, whether induced by violent exercise or injury, is allayed by this liniment. For sale by all druggists.

Mr. Morton Resigns.

From Friday's Daily Sun:

J. H. Morton, who has held the position as superintendent of the Edina Manufacturing Company, has resigned and gone to Tampa to accept a similar position with the Tampa-Havana Lumber Company, one of the largest lumber concerns in South Florida. He is a thoroughly competent man and his new employers will find him fully capable to assume all duties of his new position. His many friends and the company with whom he was connected here give him up reluctantly.

Rev. I. W. Williamson's Letter.

Rev. I. W. Williamson, Huntington, W. Va., writes: "This is to certify that I used Foley's Kidney Remedy for nervous exhaustion and kidney trouble and am free to say that it will do all that you claim for it." Foley's Kidney Remedy has restored health and strength to thousands of weak, run down people. Contains no harmful drugs and is pleasant to take. J. W. McCollum & Co.

Harrold Makes Improvement.

J. G. Harrold, the enterprising butcher of the "south side," has made another improvement in his meat market by installing two of the very latest meat blocks, which will add to the convenience and at the same time improve his service. They are made from maple, 34 inches wide by six feet long, and are used as counters and blocks combined.

Hoarseness, bronchitis and other throat troubles are quickly cured by Foley's Honey and Tar as it soothes and heals the inflamed throat and bronchial tubes and the most obstinate cough disappears. Insist upon having the genuine Foley's Honey and Tar. J. W. McCollum & Co.

Worn Women

Women, worn and tired from overwork, need a tonic. That feeling of weakness or helplessness will not leave you of itself. You should take Wine of Cardui, that effectual remedy for the ailments and weaknesses of women. Thousands of women have tried Cardui and write enthusiastically of the great benefit it has been to them. Try it—don't experiment—use this reliable, oft-tried medicine.

TAKE CARDUI

The Woman's Tonic

Mrs. Rena Hafe, of Pierce, Fla., tried Cardui and afterward wrote: "I was a sufferer from all sorts of female trouble, had pain in my side and legs, could not sleep, had shortness of breath. I suffered for years, until my husband insisted on my trying Cardui. The first bottle gave me relief and now I am almost well. Try Cardui. 'Twill help you."

DUTTON PHOSPHATE CO. ELECT NEW OFFICERS

COL DUTTON AGAIN PRESIDES
AS PRESIDENT OF CONCERN.

Headquarters Will Remain in This
City and Will Be of Great As-
sistance to Business Interests.

From Thursday's Daily Sun:

The reorganization of the Dutton Phosphate Company has been completed and the officers who will hereafter have charge of the affairs of this large corporation are Col. H. F. Dutton, president and general manager; W. M. Dale, vice-president; Col. J. G. Nichols, secretary-treasurer; R. V. Ott, assistant secretary-treasurer; C. D. Dennis, general superintendent; Col. I. E. Webster, cashier.

The headquarters will remain in Gainesville and the same liberal policy will be pursued by the company that has marked their business enterprises during the past several years. It is today one of the largest phosphate concerns in the country, and the fact that they have permanently decided on Gainesville as headquarters will be hailed with delight by the citizens.

The office force of this company is quite large, besides numerous business people are called here to see them, and in every way it is of great benefit to the city, maintaining a large and handsome building for their offices alone.

The public will note with pleasure that Cols. Dutton and Nichols retain an active interest in this great corporation, which was originally started by them and which gradually branched out under the supervision of Mr. Chase to such mammoth proportions.

BOARD OF TRADE GETS THE "COLD SHOULDER"

RAILWAY OFFICIALS DENY NEW
SERVICE ASKED FOR.

Both A. C. L. and S. A. L. Reply
That New Trains Would Not
Prove Profitable.

Secretary B. F. Hampton of the Gainesville Board of Trade has received replies from the requests recently made to the two railroads relative to a change in the service which would largely benefit Gainesville if placed in operation.

The Seaboard, which was asked to extend the "short" which now runs from Waldo to this city, to Bronson, was refused on the grounds that it would prove an unprofitable and unwise business for the company. Should this service be inaugurated many parties residing in this section could and would visit Gainesville a great deal more, as they could come in the morning or afternoon and do their shopping and not be compelled to remain here the whole day when a few hours would suffice for their wants.

The Atlantic Coast Line was asked to change the Citra train and run it from Perry, connecting with the new service that will be inaugurated on Monday for Jacksonville, and making the round-trip daily from Perry to Citra. The western part of the county has never had a service to Gainesville, it always requiring two days to go and come, and notwithstanding the fact that this was explained to the railway officials, the request was refused, on the grounds that it would not pay the expenses of operation.

Whooping Cough.

This is more dangerous disease than is generally presumed. It will be a surprise to many to learn that more deaths result from it than from scarlet fever. Pneumonia often results from it. Chamberlain's Cough Remedy has been used in many epidemics of whooping cough, and always with the best results. Delbert McKeig of Harlan, Iowa, says of it: "My boy took whooping cough when nine months old. He had it in the winter. I got a bottle of Chamberlain's Cough Remedy which proved good. I cannot recommend it too highly." For sale by all druggists.

Killed a Big Black Bear.

J. G. Winningham, who with J. H. Dean has a hog ranch on the Burns place in Gulf Hammock, had the exciting experience Sunday evening of killing a monster black bear.

Mr. Winningham brought the dead carcass to Bronson where it was viewed by scores of curious people.—Bronson Times-Democrat.

AN ESCAPED CONVICT IS LOCATED IN JAIL

OCALA, April 28.—Will Robinson, colored, sentenced in this county on March 11, 1904, for a term of twenty years, and who escaped from the Ellis-Rowls Company at St. Petersburg October 11, 1907, was located a few days ago in the jail at Dade City by A. J. Brigrance of the S. A. Rawls Company.

The specific charge against the prisoner, who is a dangerous character, and who on several occasions has been implicated in shooting scrapes, was assault on Deputy Sheriff Smith, who at that time was in charge of the county jail.

The Dade City authorities are holding Robinson on a petty charge and when released by them he will be taken back to the Rawls Company to finish out his term of imprisonment.

The Tampa Tribune has had many bouquets thrown its way as a result of the generous tribute that paper paid Senator Don C. McMullen, the champion of the amendment for State-wide prohibition. The fact that The Tribune is not an ardent supporter of the prohibition movement makes its tribute to the Hillsboro Senator the more appreciated by his admirers.

April 30th was set aside as "Raisin Day" by the people of California. A systematic campaign is being conducted by the raisin growers of that State to educate the people of the country to the value of the raisin as an every-day food, and the promoters expect to increase the consumption of this product at least three hundred per cent. Florida fruit growers can gain much practical information by studying the methods the Californians employ in making a market for their fruits.

The Sun is pleased to note that through the instrumentality of Chairman Dampier of the Board of County Commissioners and others attending the meeting of the State Good Roads Association at Palatka, the next meeting of that body will be held in Gainesville. A thorough system of hard roads would accomplish more for the development of Alachua county's resources than anything else, and our commissioners will receive the hearty approval of the people in their efforts to secure them.

Director Rolfs, of the Gainesville Agricultural Experiment Station, must not permit himself too abundant hope that the Republicans will abolish the duty on potash salts and save the Florida farmers \$207,000 annually. They don't mind presenting us with a few million shad fry for the St. Johns and an occasional bunch of taffy, but—well, don't you see the billion dollar congresses have got to be encouraged? Farmers be D double D'd! Anyway, have they not benevolently established a commission to look out for the moral and intellectual welfare of the benighted agriculturalist? What more, in the name of prosperity, do we require?—Pensacola Journal.

THE CLARK-BRYAN MATTER.

The action of the House of Representatives in passing the resolution introduced by Mr. Alexander of Volusia has been freely discussed by the press of the State, and the opinions of many of the leading papers are decidedly favorable to the popular Congressman who resides in Gainesville.

Under the caption of "The House Puts Itself in a Ridiculous Position," The Tampa Tribune of April 29th says:

"In passing the resolution in reference to Frank Clark and William J. Bryan, the Florida House puts itself in a position that can only be described as ridiculous.

"It has unnecessarily attacked the record of a brilliant Floridian, a member of Congress, with whose conduct, as a Congressman, it has nothing whatever to do.

"It has expressed, virtually, a want of confidence in the Democracy of this Representative, and for the sole and only reason that he expressed in public the views of thousands of Democrats in this State and throughout the United States in opposition to the continuation of a leadership which has proved disastrous to the party.

"And, while insulting Mr. Clark, it has by no means complimented Mr. Bryan; for the vote on its own resolution certainly shows that at least 22 members of the House refused to endorse Mr. Bryan and were willing to go on record as refusing.

"Mr. Bryan will hardly consider it a compliment when he sees that, on a resolution endorsing his 'democracy' and hailing him as 'the matchless and peerless leader,' a majority of only seven votes could be mustered in the body which sought to pay him tribute.

"Indeed, if Mr. Bryan manifests his usual self-respect, he will decline an invitation to address a body which thus closely divides on the question of his Democracy. Furthermore, Mr. Bryan is very apt to learn that he has been used, in the whole proceeding, as a club to strike a viciously jealous blow at Mr. Clark; in which event he will certainly decline, and without thanks.

"So, the upshot of the whole affair is that the House has insulted Clark, affronted Bryan and made itself ridiculous—all to no purpose save its own humiliation."

The Jacksonville Metropolis takes the following view of the matter:

"As an instance of frittering away valuable time by the Florida Legislature, we invite attention to the House Journal of Tuesday, when the matter of adopting a resolution censuring Congressman Clark for his remarks derogatory to William J. Bryan in the House of Representatives at Washington a few days ago came up. The resolution was amended, discussed and substitute finally adopted. Now what was the benefit to be derived by the citizens of Florida from this piece of political grandstand play? Few indeed are the taxpayers who care whether Clark was censured or Bryan vindicated. It was a matter of no consequence to men sent to Tallahassee to make laws.

"Mr. Clark was not at last censured, but Mr. Bryan's Democracy was endorsed. This does not make Mr. Bryan any better Democrat or Mr. Clark any less one, and was frivolous political nonsense from the start. The Legislature of Florida has something more to do than to define the political faith of Bryan or Clark or any other man. We really hope there will be no more of such business in the Legislature."

A SOBER LEGISLATURE.

The editor of The Sun has been either a participant in or an observer from the outside at every session of the Legislature during the past twenty-five years, mingling with the members of both the Senate and House in a social way as well as in his official capacity. He ought, therefore, be able to speak knowledgeably of the present body of law-makers as to temperance proclivities, and can say without fear of contradiction that by far less intoxicating liquor has been partaken of by members of this Legislature up to the present time than has been the case since reconstruction. We do not believe that a member of this Legislature has been under the influence of liquor since the beginning of the session, and a more sober body of men never convened from day to day in the history of Florida.

THE FIGHT AGAINST THE FLY.

Referring, we judge, to the crusade of The Pensacola Journal, The Tampa Tribune says:

"If the press has any influence with them, all the flies ought to be out of Pensacola by this time."

The press deserves praise for its crusade against the fly, the most dangerous, no doubt, of all insects to the health of the people, and the fight should be carried on in every home in the land. To effect their extermination, The Tampa Times offers this remedy:

"To fight flies and other insect pests effectively, use kerosene oil. For household purposes pour the oil into a sprinkler of water in about the proportion of one to twenty, using a fine meshed nozzle or spout, keep the contents agitated and spread over the garbage and other uncleanness in which flies breed. The same mixture applied to the nests and roadways of ants is quite effective. In fact, kerosene will kill all manner of insect life even if applied in minute quantities. A good little sprayer is a splendid investment, but an ordinary sprinkling pot will do.

Farmers bestow names upon their cattle, horses and dogs, but usually the farm itself is nameless or, if it possesses one, it is likely a nickname or one that conveys no real meaning. By all means let the farm have a name that will give it individuality, appeal to sentiment and foster a legitimate pride in the farm home. It must indeed be a poor farm for which, out of the realm of historic associations, natural features or location, some appropriate name cannot be found. Far more than most people suppose such a name brings increased affection for the farm home and corresponding contentment with rural life. Other things being equal the farm with a name is more likely to be kept in better order and made more attractive than the farm that is nameless, and this is still further the case when the family stationery bears the farm name.

FIRE AT WALDO.

A. Ray Lost Home by Fire Thursday. Closing of School.

WALDO, May 1.—A. Ray lost his house by fire on Thursday. He discovered the fire at the kitchen flue when not larger than his hat, and with a bucket of water extinguished it on the outside, but before he could reach it on the inside it gained headway so as to be uncontrollable. Some things were saved, but there was no insurance. Neighbors rendered assistance. The place is situated near the canal, four miles from town.

Mrs. Jas. Ingram and Mrs. J. White attended the Grand International Auxiliary of the Brotherhood of Engineers in Jacksonville on the 25th inst. A sumptuous banquet was given and the address was delivered by Mr. Pounds of Birmingham.

Miss Edna Cheves passed through Waldo Tuesday to her home in Gainesville.

Rev. Henry Hice filled the regular appointment of the pastor of the Methodist church on Sunday, and preached an excellent sermon. Rev. T. L. Z. Barr remained in Leesburg, where he is assisting Rev. Hice in a revival meeting.

Dr. Andrew Jolly has been quite ill but has about recovered.

Mrs. A. G. Masters has returned from an extended visit to relatives in Jacksonville.

Hoyt Simms has returned from the Atlanta Barber College, which is conducted by Geo. O. Branning.

Will Tillis visited home folks several days last week and returned to Plant City, where he is engaged in business.

Conductor Horace Ross is having continued fever, but is improving. Miss Morris of Jacksonville has been attending him as trained nurse.

Ernest Weeks has returned from New York, called to the bedside of his mother, who is very ill.

A very lengthy program is published in The Waldo News giving the exercises of the High School for Sunday and three succeeding days in closing the year. Rev. S. B. Rogers of Gainesville will preach the sermon, Capt. G. M. Lynch will deliver an address and County Superintendent Kelley will deliver the diplomas.

CIRCUIT COURT WILL DRAW LARGE CROWDS

MANY IMPORTANT CRIMINAL CASES TO BE DISPOSED OF.

Special Term, However, Relieved Court of Great Volume of Business—Lengthy Docket.

From Sunday's Daily Sun:

The regular spring term of Circuit Court for Alachua county will convene in this city Monday morning with Judge Wills and State's Attorney Rivers presiding.

Notwithstanding that an extra term was held and a large amount of business transacted, there are yet quite a number of very important cases to come before this session.

Principally among these will be the cases of Truby Osteen and W. A. Bexley, charged with the killing of W. H. Moreland; D. M. Davidson and J. M. Kelley, charged jointly with murder of Officer Sellers of the Atlantic Coast Line, and Duncan Jordan, charged with the killing of Marshal Bryant of High Springs.

All of these cases will attract large crowds to the city owing to the prominence of the parties connected, and the term promises to be a busy one.

The Osteen-Bexley case is set for tomorrow.

DEATH OF MRS. CHESNUT.

Sad Event Occurred at Her Home Friday Morning at 11 O'clock.

From Saturday's Daily Sun:

The news of the death of Mrs. Louie McCaa Chesnut, which occurred at her home on Friday morning at 11 o'clock, came as a great shock to her many friends and acquaintances in this city who had known and loved her.

She had been a patient sufferer for many months and everything known to medical skill and science had been done to allay her sufferings. A few weeks ago it was thought her health was being regained, but unfortunate circumstances arose which carried the young life to its last reward.

She was the devoted wife of Mr. John Chesnut, who, with two small children, Miss Jessie and John, survive her, their ages being about 10 and 8 years, respectively. The deceased was a consistent member of the Episcopal Church, a prominent and influential member of Kirby Smith Chapter, U. D. C., and a vice-president of the Florida Division. She was ever found ready and willing to render what aid she could for all charitable purposes and by her pleasant manner had won hosts of friends who feel her loss deeply.

The funeral services will be held from the home this afternoon, interment being in Evergreen Cemetery. Rev. F. H. Craighill will conduct the services and the following gentlemen will act as pall-bearers: W. B. Taylor, Lee Graham, Dr. J. H. Colson, Christopher Matheson, Henry Davis and Dr. M. H. DePass.

Besides the above-mentioned relatives she leaves a father, C. E. Halle of Alachua; four brothers, Chas. of Live Oak, Jack, James and Allen, of this city, and one sister, Mrs. Eva Dell.

Mrs. Chesnut's Funeral.

From Sunday's Daily Sun:

The funeral services of the late Mrs. John Chesnut were held at the residence on Saturday afternoon at 3:30, a large number of sorrowing friends having assembled to pay their last tribute.

Rev. F. H. Craighill, pastor of Holy Trinity church, conducted the service and paid a high tribute to the noble lady who has just passed to the great beyond.

The floral decorations were many and very handsome. The two chapters of the Daughters of the Confederacy contributed beautiful wreaths.

The remains were laid to rest in Evergreen Cemetery.

Beans Jump in Price.

It was stated yesterday that beans had jumped up to \$2.25 to \$2.50, which is a handsome increase over what the truckers have been receiving for the past several days. The country was largely planted in beans, but the dry weather has had a great deal to do with the yield.

DEPUTY WYNN MAKES ANOTHER GOOD CATCH

PRISONERS BROUGHT TO THIS CITY AND PLACED IN JAIL.

Woman Was Given Sixty Days for Larceny and Man Bound Over to Spring Term.

From Saturday's Daily Sun:

Deputy Sheriff S. G. Wynn of Newberry again showed that he is quick in working up cases when he safely landed two alleged offenders of the law, who were caught only a few hours after the cases had been reported to the officers.

Georgia Harris, a negro woman, became too light-fingered and stole a pair of shoes from another woman at Newberry. She was "picked up" by the officer and taken before Justice Carter, who imposed a sentence of sixty days.

Willie Spears, a young negro, was charged with the serious offense of having committed rape on the person of a little six-year-old negro child at Newberry, and he was bound over to await the action of the circuit court, which convenes in this city Monday.

The latter arrest was a valuable one, as the negro was a stranger in those parts and the deputy had only a very meagre description from the little girl to work upon, but he succeeded in getting the right man, he being identified by the party.

Pinkoson Makes Catch.

Special Officer Pinkoson of the A. C. L. is proving quite a detective. On Friday the switch was thrown at Weirsdale and he was notified of the transaction and to go and work up the case. Shortly after arriving upon the scene he arrested Reuben Gordon, a negro, and after some rigid questioning the negro broke down and acknowledged the deed. Fortunately, the section master discovered the trap just in time to save the passenger train from a serious wreck.

Will Put on Motor Cars.

The Seaboard has laid off every other section foreman between Waldo and Cedar Key and the length of the sections is doubled. In order to cover the increased territory section foremen will be supplied with motor cars.

Some good men are thrown out of a job by the new order, but we fail to see where it will be a money-saver for the road or insure a better roadbed.—Bronson Times-Democrat.

Holland is happy over the birth of a daughter to Queen Wilhelmina. The political significance of the occasion lies in the fact that there is now an heir to the throne of the Netherlands.

With a little push Gainesville can attain a population of 10,000 in two years.

HOUSE POSTPONES ACTION ON APPROPRIATION BILLS

Senate Voted to Sustain the Veto of Governor Broward Upon Public Printing Bill.

TALLAHASSEE, April 29.—Action on a bill providing for an appropriation sufficient to guarantee the expenses of teachers while attending summer schools, in the hope of securing a better attendance at these schools of instruction, was indefinitely postponed after an interesting debate in the House of Representatives yesterday. The bill was introduced some days ago by Mr. Carn of Marion and referred to the committee on appropriations. The committee reported without recommendation.

In explaining the purpose of his bill, Mr. Carn stated that the provisions of the measure tended to encourage the school teachers to greater hopes of achievement and thereby place the school system of the State upon a higher standard of efficiency. The small salaries received by a majority of the teachers, he said, did not enable them to attend the summer schools where the same were held at great distance from their places of residence.

Others took the view that the appropriation as proposed by the bill would prove a needless expense to the State. They thought that if the Legislature desired to appropriate a sum of money at this session for educational work it should be appropriated in a manner that would more directly benefit the school children of the State. All, however, went on record as favoring anything that tended to improve the educational advantages of Florida.

House Bill No. 45, by Mr. Carn of Marion, requiring teachers' summer training schools and making appropriations for the maintenance thereof, was next taken up on the calendar, under bills on second reading. Opposition was raised to the passage of this bill, but a motion to indefinitely postpone action was lost by the close vote of 26 to 29. The bill now goes to third reading, and the enrolling committee.

Nothing for Immigration.

Some surprise was occasioned when the House voted in favor of indefinitely postponing action on a bill for an appropriation of funds for the encouragement of immigration and to pay the expenses thereof. The measure provided for an appropriation of \$5,000 annually for the purpose of inducing desirable immigration to locate in the State, and the sum of \$2,000 annually as salary for some competent person who should act as commissioner of immigration.

Mr. Dupont made a strong plea in behalf of the merits of his measure, but the opposition was strong and indefinite postponement carried by a large majority.

The bill is one of the most important yet introduced at this session and many of the members of the House feel that some distinct forward step in the interest of immigration should be taken before the Legislature adjourns. A substitute may therefore be introduced at an early date.

The House held its first four-hour session yesterday, meeting at 9 a. m., and adjourning at 1 p. m. It is believed that one four-hour session is more advantageous than several sessions of shorter duration.

Mr. Roberson of Suwannee moved to waive the rules by taking House Bill 68 from committee and placing it on calendar under head of bills on second reading. The bill provides a penalty for negligent transmission of telegrams by telegraph companies. Rules were waived by two-thirds vote and it comes back to the House, taking position under second reading.

Senate concurrent resolution by Sloan. That "Whereas the school interests of the State are greatly embarrassed because of recent decision of the Supreme Court of State, having declared as unconstitutional the law of 1907, providing State aid for common and high schools of State; and whereas school officers of many counties relying on the State to comply with promises of the act, which they were morally and legally bound to do, borrowed money with which to pay teachers until such time as the

State should be able to return the same, and whereas the teachers have not been paid and are in need of such money: Resolved, That a committee be appointed to devise some plan whereby the situation may be relieved." Passed over and retains place on calendar under head of second reading.

IN THE SENATE.

After a debate lasting over half an hour the Senate voted to sustain the veto of Gov. Broward upon the public printing bill passed by the 1907 Legislature. The vote to sustain the veto stood 16 to 11. On motion to pass the bill over the veto the vote stood:

Ayes—Broome, Buckman, Dayton, Harris, Henderson, Johnson, McCreary, McLeod, Sams, Sloan, West—11.

Nays—Hudson, Baker of Twentieth, Baker of Twenty-ninth, Crill, Cook, Cone, Cottrell, Davis, Flournoy, Girardeau, Hosford, Humphries, Leggett, McMullen, Williams, Withers—16.

Senator Harris protested against the sustaining of the veto. He spoke at length regarding conditions alleged to have been existing with regard to the State printing. He claimed that under present conditions and with the requirement of a \$25,000 certified check, accompanying bids for the work, the Capital City Printing Co., has practically enjoyed a monopoly, with the result that the State has and is paying more than it should for its work.

It is very certain that a new bill will be prepared, guarding against the defects pointed out by the former Governor in the old bill and that it will be easily passed.

Senator Beard's bill regulating the practice of osteopathy was passed with only three votes against it. Senator Beard said he was surprised that there was not more opposition, as some physicians have been opposing the measure. He pointed out that the bill only places the osteopaths on the same footing with the homeopaths and other physicians.

At the hour of 11 o'clock Senate Bill No. 121, by Mr. Henderson, fixing standard of cottonseed meal and prohibiting misbranding, was taken up as a special order.

Upon motion of Mr. Henderson the rules were waived and the bill was read a third time and passed by a vote of 24 to 2.

Reduced Rates Given.

Mrs. Lucia Alvarez of Starke, corresponding secretary of the State Division, U. D. C., has been notified by the railway officials that a reduction will be given to all delegates to the annual State meeting of the division in St. Augustine, provided 150 or more delegates attend. The rates at the hotels have been arranged at from \$1.25 to \$1.50 per day. Delegates and visitors are urged to buy their tickets on the certificate plan that they may be entitled to the reduction on the return trip.

Merchants in Contest Are Also Receiving a Nice Trade, as All Candidates Are Working.

The Co-Operative Contest is the most interesting enterprise started for some time and already the many merchants and business houses connected with it are reaping benefits.

Each and every one of them have heard from it in a substantial manner and the work has not yet fully begun, as in some sections the people receive only The Twice-a-Week Sun and only get to read of it at these times. Quite a number of the workers have subscribed for The Daily Sun and besides this are sending in clubs of dailies from their districts, which shows that they are working in two ways—they get the votes on the subscriptions and then get the coupons in all the dailies that go their way.

Does Not Stimulate

Ayer's Sarsaparilla does not stimulate. It does not make you feel better one day, then as bad as ever the next. It is not a strong drink. No reaction after you stop using it. There is not a drop of alcohol in it. You have the steady, even gain that comes from a strong tonic and alternative. We wish you would ask your doctor about this. He knows. Trust him. Do as he says. J. C. Ayer & Co., Lowell, Mass.

What are Ayer's Pills? Liver Pills. How long have they been sold? Nearly sixty years. Do doctors recommend them? Ask your own doctor and find out.

U. S. COURT NOT TO HAVE SPRING TERM

JUDGE SHEPPARD BUSY IN SAVANNAH IN TURPENTINE CASES.

Time Will Be Taken Up Thereafter in Tallahassee for the Regular Session.

From Sunday's Daily Sun:

Owing to the absence of Judge W. B. Sheppard, there will be no regular term of United States Court in Gainesville this month, which is the usual time for holding the spring term.

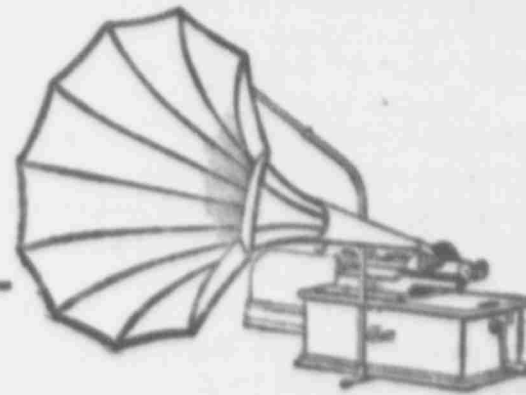

Judge Sheppard is now busy in Savannah in the turpentine cases which are pending and it will yet be several weeks before he has finished there, and this is to be followed by a regular term of court in Tallahassee.

There are only two prisoners confined in the county jail that would be tried at this session, and should any more cases appear a special term can be held later, if the occasion demands.

At the last session of the court in Gainesville many cases were disposed of and it brought a large number of people to the city.

SENATE WANTS TO KNOW WHO RIDES ON PASSES

Also Demands That State Officials Show What Has
Been Done With Appropriations.

TALLAHASSEE, April 30.—Discussed after discussion consumed the entire time of the morning session of the Senate yesterday, and when the smoke of battle had cleared away resolutions had been adopted providing for a committee to investigate for the purpose of ascertaining what legislators and State officials are riding on railroad passes in violation of the law; a committee to investigate the report of the Internal Improvement Investigating Commission, and see what steps can be taken by the State in the matter and calling upon all State department officials to provide an itemized statement showing what has been done with the 1907 appropriations, how many employees they have, and what each one does.

Senator Beard bitterly attacked W. S. Jennings during an hour's speech in the morning. He reviewed that portion of the investigating commission's report concerning Mr. Jennings, and charged that he received \$50,000 out of the State and classed him as a freeloader.

In urging his resolutions for an itemized statement from department heads, Senator Johnson stated that he had heard that some offices in the capitol are being made regular family affairs, and that may clerks do not have to work half the time. There were no votes registered against the resolution calling for an investigation of the members to see if any were violating the law by riding on railroad passes.

In the afternoon the Senate concurred by vote of 26 to 3 to the House amendment to the McMullen prohibition resolution. Senators Buckman, Harris and Sams were the only ones who stood pat and voted no.

The Harris bill raising the salary of the Attorney-General to \$3,500 a year was killed by a vote of 19 to 10.

A resolution introduced by Senator Cook calls for a revision of the State constitution, and thus starts the ball rolling for a constitutional convention.

Routine Proceedings.

Twenty-seven members were present when the Senate was called to order at 10 o'clock.

Resolutions were introduced as follows:

Senate Resolution No. 77, by Flournoy—For committees of three to investigate report of Internal Improvement Investigating Commission and report recommendations regarding proper action. Set as special order at 11 o'clock.

Senate Resolution No. 38, by Johnson—Requiring reports from the State officers regarding expenditure of 1907 appropriations and manner of employees with their duties with object in view of cutting out extravagance.

Mr. Johnson spoke for the resolution and moved its adoption. In speaking he said he had heard that some offices are being made family affairs, and also that some clerks do not work half the time. He asked for a closer scrutinizing of regular appropriations.

Mr. Cone moved that the resolution be printed and made special order for Friday afternoon.

Mr. Harris thought printing of resolution a needless expense, and asked that consideration be postponed until 10 o'clock.

Senator Cone offered amendment covering members of 1907 and 1909 Legislature, and whether any have received free railroad passes.

Senator Johnson said the object of the amendment was to ride it to death. Senator Cone urged that investigation should go clear to the bottom and leave out whitewash brushes, and find out if Senators have been receiving railroad passes in violation of the law.

"No Senator should object to having his record investigated," said Mr. Cone, "and I don't believe any Senator would object."

Senator Johnson rose to a point of privilege, and stated that he is local counsel for the Atlantic Coast Line railroad, and rode on a pass up to January 1, but has not since. He said the people of Suwannee county are

fully acquainted with the fact.

Senator Humphries spoke in behalf of the resolution. "I have heard that certain State officials have been traveling about the State on matters entirely apart from the State, whether at State expense or not, I don't know, but it is a scandal upon the State," he said.

The Cone amendment was lost by a vote of 15 to 7.

The original resolution was adopted. Senator Harris then introduced a resolution covering the Cone amendment and requiring the Railroad Commission to furnish list of passes given by railroads during 1907, 1908 or 1909 to department heads or employees or members of the Legislature. Adopted.

Resolution No. 40, by Beard—That report of I. I. Fund Investigating Commission has been received and that committee of five lawyers be appointed to investigate to ascertain if suit cannot be brought against the trustees, their bondsmen and those to whom funds were paid to recover amounts that were exorbitant.

Mr. Flournoy's resolution asking for a committee of three to investigate the report and recommend what action should be taken by the Senate was read.

"It is incumbent upon us," said Senator Beard, "to do something in this matter. Something must be done to stop those who have shown so little regard during the past four years to the trust reposed in them by the people of the State."

Mr. Beard then reviewed the history of the issuance of the certificates issued to railroads to encourage their building. Attorneys, he said, have been employed at fabulous sums to fight contention of railroads to ownership of the lands and yet all cases settled were compromised.

Senator Flournoy rose to a point of order, but it was not sustained.

Senator Beard reviewed the work of W. S. Jennings. "It almost seems," he said, "like all those trustees did was to meet and approve the fabulous claims for fees of Mr. Jennings. He received nearly a third of the entire amount of attorneys' fees paid out in the history of the fund."

Senator Flournoy rose to a point of order and appealed from the decision of the chair. The chair felt personally that Mr. Flournoy was right in that Mr. Beard's remarks would come better when the special committee reports. The ruling of the chair was sustained.

Senator Beard continued his review of the report where it concerned Mr. Jennings and sharply criticized the manner in which Jennings received his fees. He spoke for over an hour, charging that Jennings had got over \$50,000 out of the treasury of the people.

He spoke of Jennings as a freeloader and also held the trustees to be just as blamable in the matter. "Some will say that I speak from personal dislike," he said. "I confess that I don't love the gentleman. How could I when he has played such havoc with my State?"

Urging that his resolution be adopted, Mr. Beard concluded with the hope that suit might be brought against those concerned.

Mr. Henderson amended the Flournoy resolution to require a report within ten days.

Senator Johnson offered a substitute requiring report before May 7.

Mr. Henderson accepted the substitute.

The amendment was adopted. The resolution was then adopted. Senator Beard then called up his own resolution.

Senator Cone moved that this resolution go over until May 7 at 11 a. m. Much discussion resulted.

The motion of Mr. Cone was adopted by a vote of 15 to 11.

Joint resolution No. 11, Flournoy—For committee to investigate need of repairs on the capital and grounds. The rules were waived and the resolution was adopted.

Strung Up to Tree in Which He Sought Refuge

BARTOW, April 29.—Strung up to a tree in which he sought refuge and his body riddled with bullets, Charles Scarborough, a negro, who Tuesday attempted to assault Mrs. Taylor Frierson of Fort Myers, met a speedy death at the hands of a posse of infuriated men.

The posse started out with bloodhounds on the negro's trail soon after the crime became known and scoured the woods all night.

In a secluded spot the posse cap-

tured the negro yesterday, finding him in the top of a tree which a few minutes later served as his scaffold. The negro confessed and without delay a rope was put around his neck and he was drawn up to a limb. The posse then stood off and fired twenty shots into his body.

Jas. S. Denham Dead.

MONTICELLO, April 30.—James S. Denham, one of the most prominent citizens of this city, and a brother of William B. Denham of Tampa, dropped dead here yesterday afternoon. Mr. Denham had been a resident of Jefferson county for a number of years, and was well-known throughout the State. His sudden death has cast a gloom over the entire city.

REV. S. B. ROGERS TO
RESIGN PASTORATENEW POSITION FORCED UPON HIM
BY STATE BOARD OF MISSIONS.An Extra Service Will Be Held on
Sunday Evening, When He
Will Depart.

From Saturday's Daily Sun:

At a meeting of the State Board of Missions of the Florida Baptist State Convention held in Jacksonville on the 21st inst., Rev. S. B. Rogers of this city was elected to fill the position of Rev. L. B. Geiger, the position having been made vacant by the death of the latter.

We understand that this will necessitate the resignation of Rev. Rogers as pastor of the church in Gainesville, although it will not necessarily cause him to remove to another point, as he is at liberty to make his residence in any portion of the State he may desire.

This position is perhaps the most important in the State among this strong body of Christian workers and has been practically forced upon the man, many letters and telegrams already having been received urging him to accept.

At the present time Rev. Rogers is unable to state positively what action he will take in the matter and asks that all members of his church attend the meeting on Sunday night at the church. As matters now stand, however, it appears that he will be compelled to carry on the work which Rev. Geiger had in charge.

Not only is Rev. Rogers liked by his own members, but the Christian people of all denominations of the city would regret very much to see him remove from the city for various reasons. He has started movements that will need his assistance, notably the enlargement of the church, which would add greatly to the facilities of this place of worship.

Alachua county was well represented at the State Board of Missions Association, which met in Palatka on Tuesday. Messrs. Dampter and Emerson, of the Board of County Commissioners of that county, were in attendance and took a prominent part in the discussion. Prof. Cox of the Civil Engineering Department of the University, with Mr. Gibbs, one of the student road workers who has been specializing in road work, were also present. Prof. Cox made a report to the association on the progress of the work of the State Geological Survey in those, also touching upon the student road survey which has been operating in the southern part of this county.

The possibility of using artificial brick on our country roads was the most prominent topic of general discussion.

The meeting was well attended and the citizens of Palatka extended every possible courtesy.

Through the enterprise of Mr. Dampter the 1910 meeting of the association will be held in Gainesville.

Mr. J. R. Emerson of this county also attended the meeting.

Notice of Election.

Notice is hereby given that an election will be held at Micanopy, in Special Tax Sub-Road District Number One, on Tuesday, May 18th, A. S.S.S.
CURES OLD SORES

We want to show you in this short, but honest and reasonable talk, how and why S. S. S. cures Old Sores. We do not claim that S. S. S. works wonders, but we do know it will cure sores and ulcers, and its record of forty years past abundantly justifies this confidence.

Any old sore shows an unhealthy and impure condition of the blood. It is a diseased condition of the flesh at that particular spot, caused and kept inflamed and irritated by a continual discharge into it of unhealthy matter from the circulation. In various ways the blood

becomes contaminated and polluted. A long spell of fever, or other sickness, breeds disease germs in the system; the failure of nature's eliminative members to remove the waste and refuse matters of the body, the excessive use of minerals in certain diseases, infected wounds, bites and stings of insects, etc., all contaminate the blood with morbid matter and germs which sooner or later manifest their presence by a sore or ulcer which refuses to heal under the ordinary treatment of local applications.

External treatment can never cure a chronic sore or ulcer, because it does not reach the blood. The place will remain open as long as it is used as a drainage for the impurity which is in the blood, and in addition to the worry and anxiety caused by an old sore, there is always danger of its becoming cancerous, if a cure is not effected. Purify the blood, and nourish the flesh with a rich, healthy circulation, and then the place will heal of its own accord.

S. S. S. cures old sores by removing the causes which produce them. It goes down into the circulation, drives out all impurities and poisons, and by nourishing the flesh with rich, pure blood causes the place to heal naturally and permanently. S. S. S. does not make a surface cure, but, being the greatest of all blood purifiers, it begins at the bottom and by rebuilding broken down tissue, and supplying healthful, healing qualities to the circulation, causes the place to fill in with firm, healthy flesh, while it steadily but surely removes the cause and effects a permanent cure. The sore cannot remain when the blood is pure, and S. S. S. will thoroughly purify the blood. Book on Sores and Ulcers and any medical advice free to all who write.

S. S. S. is for sale at all drug stores.

BAD SORE FROM AN OLD WOUND.

I want to recommend S. S. S. to any who are in need of a blood purifier, and especially as a remedy for sores and obstinate ulcers. In 1871 I had my leg badly cut on the sharp edge of a barrel and having on a blue woollen stocking, the place was badly poisoned from the dye. A great sore formed and for years no one knows what I endured with the place. I tried, it seemed to me, everything I had ever heard of but I got no relief and I thought I would have to go through life with an angry, discharging sore on my leg. At last I began the use of S. S. S., and it was but a short time until I saw that the place was improving. I continued it until it removed all the poison from my blood and made a complete and permanent cure of the sore.

204 Navy St., Brooklyn, N. Y. JNO. BLAIR.

A CANCEROUS ULCER.

I had a large sore or ulcer on my face and nothing I tried would benefit me. It began with shooting pains and soon the itching was terrible. At first it discharged a watery fluid which soon changed to one of thicker composition and the pain became very severe. It was nearly as large as a dollar and terribly inflamed in all the surrounding parts. It had been there so long and growing worse all the time, I became very much discouraged and alarmed. At last I began the use of S. S. S. At first the ulcer seemed to get worse, but I soon found that the poison was being removed from the blood and I continued to take S. S. S. It was not long before I noted a decided improvement and I kept up the use of the medicine until I was entirely cured of this cancerous ulcer. This has been some time ago and there is no sign of a return of the trouble.

POISONED FROM INSECT BITE.

Wilmington, N. C. From the bite of an insect I was poisoned and had a dreadful sore on my ankle and took different treatments with no benefit. I was induced to try S. S. S., and after a few bottles it cleared my system and cleansed my blood and cured the sore. My mother took it for rheumatism, with success. I cheerfully recommend S. S. S. where a blood purifier is needed.

THE GAINESVILLE NATIONAL.

By reference to another column the statement of the condition of the Gainesville National Bank will be seen, and it shows rather a remarkable record for an institution so young.

The gain in their deposit account has been over \$106,000 since the last report, which was made in February, and it is also shown that it has resources to the amount of \$715,515.09.

Through the efficient management of its officers and attaches the institution has enjoyed a splendid patronage.
